- Live demo on the PE build environment in a Docker container by Heidi Poxon (Cray)
- Application Performance Insights via System Monitoring by Ann Gentil(LANL)
- Elections

Sites Updates

Status of CLE ?

• Seminar issues with web-conferences.

Outreach to other CUG sites.

CUG-2018 PEAD-SIG

CLE PrgEnv concerns

- Recent PGI released (18) are not supported by the PrgEnv
 - 18.4 available from PGI
 - 17.10 on Cray
- Why is CUDA tied to CLE UP release?
 - On Cray: CUDA 8.0, driver version 384.111
 - Available from NVIDIA: 9.1, 9.2 coming soon
- Cray-python is not build with Intel-MKL like on Urika XC
- Support of old compiler/MPI library with CLE 6?
- Tuesday Technical Session 9B 3-5pm: The Cray Programming Environment:
 Current Status and Future Directions Luiz de Rose

CUG-2018 PEAD-SIG

Presentations

 Live demo on the PE build environment in a Docker container by Heidi Poxon (Cray)

 Application Performance Insights via System Monitoring by Ann Gentil(LANL)

CUG-2018 PEAD-SIG
